DETAILED ACTION

Claim Rejections - 35 USC § 102

Claim 1, 2, 4, 10, & 12-15 are rejected under 35 U.S.C. 102(b) as being anticipated by Hickie (US Patent No. 6,745,764). Please see office action of December 23, 2005 for details of the rejections.

The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

Claim Rejections - 35 USC § 103

Claims 5, 8, & 11 are rejected under 35 U.S.C. 103(a) as being unpatentable over Hickie in view of Symser et al. (US Patent No. 5,904,639). Please see office action of December 23, 2005 for details of the rejections.

The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

Response to Arguments

Applicant's arguments filed June 21, 2006 have been fully considered but they are not persuasive. Applicant argues that Hickie does not disclose a controller that provides a feedback signal back to the patient in order to determine if the patient response meets a predetermined criteria. However, Hickie discloses a controller (14) generating a feedback signal (Column 21, lines 52-58, the "alarm" or "attention commanding device"), which is fully capable of being communicated to the patient when the hand grip from the patient meets a predetermined criteria (Column 21, lines 52-58,

the actual latency periods is compared with stored safety set parameters reflecting safe & undesirable latency period parameters"). Examiner further contends that an "alarm" or "attention commanding device" is fully capable of providing feedback signal directly to the to the patient, as well as the physician. Thus, Hickle anticipates a conscious sedation system, wherein the controller generates a feedback signal, which is communicated to the patient when the hand grip response from the patient meets a predetermined criteria.

Conclusion

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL.** See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).
